

VILLAGE OF DYSART

2019 NEWSLETTER

What a year we have had since last July. Record heat in August and very dry to snow in September and October and then one of the coldest winters. February set records for cold and it stayed cold with no breaks in the weather. Spring has been cold windy and extremely dry or extremely hot with many parts of the province under fire bans. Hopefully June will bring us some much needed rain and nice weather.

Last year the Village replaced a couple blocks of waterlines. The 200 block of Wark and 200 block of McKendre were completed; and the portion by the Water Treatment plant was replaced along with cleaning of the reservoir. This year the Village will be replacing the 100 block of McKendre and 600 block of Railway waterlines. The cost of replacing lines is very expensive, thus requiring an increase of infrastructure fees. The Village is increasing the infrastructure fee to \$25.00 per month from the previous \$20 per month.

The Village with the invaluable help of the Dysart Golden Years club and the Dysart Community Centre fundraising committee has received a grant of \$25,000.00 to refinish and repair the floor in the gym. The repair will be performed during the first two weeks of August this year.

In 2018 after her Heart Surgery Diane returned to work. In the fall of 2018, Charmaine Benko left to pursue her own business. So this spring the Village hired Bailie Shindle to help fill in for Diane and Karen. Bailie has been a great help and has learned very quickly. Bailie grew up in Lloydminster, and moved to Dysart with her husband Derek Shindle and their son Brantley. Currently Karen Gibson has taken 6 weeks off of work to help care for her granddaughter whom has broken her femur. Thankfully between Diane and Bailie we have been able to cover Karen's shifts.

The Village has received Robert Heidt's resignation, his last day was June 30th, 2019, so a big thanks to Robert for his 3 years of service working here in the Village.

The Village would like to remind all residents to keep their yards neat and tidy and the grass cut before it becomes unreasonable. Please do your share on keeping our Village looking good.
